---

**How to use these Search Results**

Teachers will view a similar list when they click the search link. To ensure that teachers view the best possible list of lessons:

1. Click the lessons below to read and evaluate them.
2. You may check the boxes next to the best links to designate them as preferred lessons.
3. Use multiple keywords to focus in on the specific learning objective. You can also change the other search criteria to narrow the search.

**Note:** Click **Help** for more on choosing search criteria.

Repeat the steps above until you are satisfied with the results, then click **Save Search Criteria** to return to your standards document.
